

## Continuity & Fulfilment

Chengelo Sixth Form equips you for entry into the world's top universities and builds on the foundations of discipleship and leadership training, bringing you to maturity and preparing you to be an effective citizen wherever you go.

The Sixth Form builds on the strong Christian ethos of the Secondary School and our desire is that every student will continue to grow in their faith *"Being confident of this, that he who began a good work in you will carry it on to completion until the day of Christ Jesus"* Philippians 1:6.

**Mr Boniface Kalllanji**  
Head of Sixth Form

Chengelo Sixth Form is now 6 years old. From its small beginnings it is now a thriving part of Chengelo with the Sixth Form students playing a leading role in every aspect of school life. Our aim is to ensure that as many students as possible gain entry into the world's top universities. Our experience has shown that the best universities are looking for applicants who have the highest academic qualifications combined with a rounded education.

### AS / A-Levels

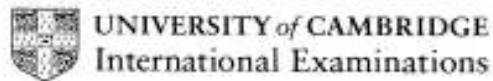

Whilst all universities recognise IGCSE,

most have entry criteria which require qualifications at a higher level. For this reason Chengelo offers a 1 year AS Level or 2 year A Level programme to bridge the gap and to equip you with

the skills needed to study at the highest level; the ability to cope with rigorous academic demands, undertake independent research, competence in IT & study skills and a framework to analyse ideas critically from a Christian perspective. If you intend to apply to American universities there will also be coaching for the SAT exams.

Students in Chengelo are entered for the University of Cambridge International Examinations.

We currently offer the following subjects:

- |                  |           |
|------------------|-----------|
| Art              | English   |
| Biology          | Geography |
| Business Studies | History   |
| Computer Studies | Chemistry |
| Mathematics      | Physics   |

In 2005 our student pass rate was over 86%, with 65% of these being in the A-C range, significantly higher than the world average.

### More than just an Academic Programme

Unlike other Sixth Forms which concentrate purely on academic study, at Chengelo a core focus is developing maturity and depth of

character. You will have the opportunity to gain the prestigious International Youth Award at Gold level, play a variety of sports, take part in the outdoor programme at 'Ndubaluba', Chengelo's own outdoor centre. We also have a programme of leadership training and many of the Sixth Form students become Prefects giving them the opportunity to put into practice the skills they have learned.

The 'feel' of the Sixth Form is substantially different to that of a secondary school. Working in smaller groups with dedicated, experienced and highly qualified teaching staff helps to ensure success, whilst your relationship with staff changes to one of partnership, trust and mutual respect. You will be assigned a Tutor who will care for your pastoral needs and you will receive individual careers guidance and the opportunity to go on industrial tours to ensure that you make the right choices and achieve your full potential.

### Excellent Facilities

In the Sixth Form you will also be able to enjoy spacious, purpose built accommodation & facilities, including the 'university style' single study bedrooms. The Sixth Form centre has classrooms for lessons and private study in the evenings, a computer area with access to email and the internet and a common room which has facilities for socialising and recreation.

During your time at Chengelo Sixth Form you will build close and meaningful friendships with the other members of the Sixth Form. We look forward to you joining us!
